

MTE-THOMSON

AIR CONDITIONING REFRIGERANT PRESSURE SENSOR

COMPLETE CONTROL OF PRESSURE AND
TEMPERATURE IN THE A/C

JULY
2026

www.mte-thomson.com

WHY CHOOSE **MTE-THOMSON** ELECTRONIC AIR CONDITIONING SENSORS?

PRECISE MONITORING

MTE-THOMSON electronic sensors provide critical information about the instantaneous pressure of the air conditioning system, enabling intelligent decisions to maintain safe and proper operation. Whether activating the cooling fan or preventing damage from extreme pressure variations, these sensors ensure optimized and reliable performance.

CUTTING-EDGE TECHNOLOGY FOR COMFORT

Ensure the vehicle's air conditioning always operates at the ideal temperature with devices that maximize energy efficiency and the durability of the cooling system.

HIGHLIGHTED BENEFITS

EASY APPLICATION:

Compatible with a wide range of brands and models, facilitating integration with the vehicle's existing system.

PROVEN DURABILITY:

Designed to withstand the most extreme usage conditions, ensuring a long service life and reliability on every journey.

MTE-THOMSON RELIABILITY AND QUALITY:

Benefit from the quality reputation that only a company with decades of experience can offer. Ensure the comfort and safety of the air conditioning system in all seasons, transforming the driving experience.
